Two of the Junior ideals are equality, and class spirit. This year we got to represent both of these traits by signing the Junior class bench. Everybody drilled their name, nickname, or initials into this piece of wood which was later glazed and auctioned off. What class spirit we have!

The Junior Memories

This year's Junior class has yet again impressed the school with our knowledge and skill. Also with our diversity, friendliness, honor, and ability to conquer AP classes (which we did at ease). Every year we lose some of our favorite classmates, but every year we gain some that always end up being our favorites.

This was a year of changes for the Junior class. Most of us were introduced to AP classes for the first time. Now we know the true meaning of the word "studygroup." However, we keep holding on to the idea that the class will be over soon, and we will be the top picks for colleges. I'm sure everybody agrees that AP classes were worth it! This year we finally experienced the true glory of the parking lot. Of course there are those who parked in it last year, but I'm sure that they are happy with their detentions. Along with this privilege, we recieved the opportunity to drive off campus (again somebody knew this before). For the first time we were able to experience good tasting food at lunch, followed by a rush back to school to make fifth period in time.

We recieved the delightful opportunity to get well acquainted with fascinating teachers such as George Henry, Kody Partridge, Joe Quackenbush, Keith Painkow, Mr. C., Jo Edwards, and members of the language, arts, and athletics departments. We all thank Kody Partridge for being voted the favorite teacher of the year. I'm sure we'll miss most of these educators when we become seniors, if not that, when we go to college.

We have now completed one more year of our education lives. To think that we only have one year left in this school, brings both joy and tears to everybody, I'm sure. I'm also sure that we agree that we have to make this last year to be the time of our lives. Originally we thought that the eighth grade would be that year, but we just kept on growing together. This summer, have the time of your life, and then you'll be prepared for one more year at Rowland-Hall St. Marks. Learn well, and have fun.

Bon Voyage!

Sophomore Memories

When you hear about the sophomore class what do you think of? So many words could be used to describe the tenth graders. Diverse, interesting, energetic, and all around fabulous are just a few of the words that could be used. With two years of Rowland Hall life left, we see that they have a lot of potential and great things to offer the world. These charismatic students add to the incredible atmosphere of Rowland Hall and continue to dazzle the corridors. With that said, we leave you to contemplate the many mysteries of this class.

"Unlike that other Scottish game of whisky drinking, excess in golf is not injurious to the health."

Determination and hard work carried an extremely young golf team to the state golf tournament during its first season in the fall. The team, which consisted of one senior, was solid throughout the year and was undefeated going into the regional tournament. The region and state tournaments consisted of Senior Rich Eagar, Juniors Stephi Graves and Ed Johnson, and Sophomores Chris Childers and John Blair. The region match was close between Rowland-St. Marks School and Juan Diego throughout the day. With four golfers' scores posted, those two schools were tied. RISM ended up taking second place in a field of highly-competitive rounds. But, that placement guaranteed the team would compete in the state tournament held on October 10 and 11 at Wasatch State Park in Midway. After one day of play, RISM was one of five teams still left in the tournament. Windy conditions prevailed during the second day, sending all competitors' scores skyward. At the conclusion, the Winged Lions ended up in fourth place in the state, with two of its golfers finishing in the top six individually. Sophomore Chris Childers finished in fifth place overall, while Senior Rich Eagar was one spot back at 6th. Four of the team's golfers were named to the All-State Team. Childers and Eagar were named to the first-team All-State, while Juniors Stephi Graves and Ed Johnson were named to the honorable mention team. Other team members this year included John Blair, Sophomore Alex Whitby and ninth-graders Doug Gerpheide, Adam Maack, and Colin Rommel.

The 2002 RHSM Volleyball Team

A Season in Review

The Winged Lions varsity volleyball team ended the 2002 season in third place in Region 14 with a 6-4 record. The top four of six teams in the region qualified for the State 2A Tournament held at Utah Valley State College in Orem on November 1 and 2. RHSM first faced Enterprise, a team that went 9-1 in the regular season to take first place in their region and who was ranked fourth in the state tournament coming into the tournament. The Winged Lions pulled off the upset in three exciting games, 8-15, 15-13, 15-6. The RHSM team then had to take on the number one ranked team in the State and the team who eventually won the State title: Richfield. The Winged Lions waged a valiant battle and gave the Wildcats everything they could handle. Although the RHSM team lost 5-15, 17-15, and 15-7, the Winged Lions were the only team at State

to take Richfield to a three game match. After the second round loss, the Rowland Hall team faced the third ranked team in the State and the number one seed from their region: Beaver. It was another victory for Rowland-Hall as the Beavers were eliminated from the tournament in a two-game affair, 15-10, 15-11. The final match of the tournament for RHSM was with arch-rival, the North Summit Braves, the first place team from Region 14 who came into the State Tournament ranked fifth. North Summit had defeated RHSM three times during the regular season, but outstanding play on the part of the Winged Lions resulted in a win over the Braves 16-14, 10-15, 15-11 to take fifth place at the State Tournament. This is the best finish for a Rowland Hall-St. Mark's School volleyball team since 1997.

Great Season Girls!

The Rowland-Hall St. Mark's girls' varsity soccer team roared through region 14 with an untouchable league record of 8-0 and an overall record of 12-2. After wrapping up the region, RHSM took on the Dixie Flyers in the playoffs, winning the match by a score of 1-0. The win against the Flyers qualified the Lions for the quarterfinals where they faced the Ogden Tigers, an undefeated team this year (14-0) and defending 3A Champions last year. The game on Thursday, October 10th was grueling and aggressive. The Lions were fluid, playing with finesse and determination, while the Tigers were more physical and hostile. Nevertheless, keeper Maddy Hauser stayed focused and refused to be intimidated. Stopper Katy Mohrman made many crucial interceptions and cleared balls effectively while sweeper Meagan Norris stole balls repeatedly

from attacking forwards and passed the ball around in the backfield to fullbacks Erica Trauba and Teale Orme. In the midfield, powerhouse Sarah Hall had 5 shots and her deft ball skills and unrelenting endurance made her a vital force. Hall was assisted in the center with the athletic and talented Erin Anderson, who set up many offensive plays. At left halfback was the tenacious and agile Katy Reineke who had 7 shots. Taylor Allred played right half back where her speed and overall fitness were crucial to her accurate crossing of balls. Up front we had the steady determination of Lindsey Holmes and Susan Sparrow. Alex Milne played both forward and halfback and had great ball control. Even with this disappointing loss we still held our heads high. Congratulations on a GREAT season! Thanks to all our wonderful coaches.

Coach's Message,

The Cross Country program has tripled in size this year. RHSM has had the most successful season in this sport for almost a decade. I attribute this success to a team of dedicated and talented athletes who are prepared to push themselves physically and mentally and who want to win.

We had excellent results throughout the season, but a few individual performances stand out. Chris Bossart has established himself as one of the best runners in the 2A division, despite the fact that he is only a sophomore. His best time of 16.57 for three miles is extremely competitive and he completed an outstanding season with a second place at the Region Championships and a fifth place at the State Meet. Teale Orme, relying on her fitness from Libby Bolster's soccer program and a unique natural talent finished third in Region and eighth in State as a freshmen. The Boys' Varsity Team was five points behind the Region Champions (Juan Diego) and a heartbreaking two points away from qualifying for the State Meet as a team.

We had a wonderful season and I look forward to days in the sun in Millcreek canyon next autumn.

Highlights

Chris Bossart

As a Sophomore, Chris did exceptionally well this year. His best time of 16:57 was good enough to earn him 2nd place in Region and 5th in State, just one minute behind the best Senior 5A boys in the state. He has had offers to compete in Europe and Australia.

Ben Kallin

The captain of the team, Ben ran consistently throughout the season, with a best time of 18:25 at the Cottonwood complex race. Always impressive on hills, Ben had the best season of his career and also designed a classic cross country sweatshirt.

Omar Young

As one of the most reliable and memorable members of the team, Omar was always at practice, always willing to push himself and always cheerful. he was a wonderful role model for the rest of the team.

Teale Orme

Despite also playing soccer full time, Teale was one of the top ranked freshman in the state 2A division. Teale finished third in Region and 8th in state. Her best time was 21:57 in the three mile.

Women's Tennis

1st Singles: Claire Anderson. Claire won her first match at State but lost in the semifinals. She was an excellent player and had more fan support than anyone else.

3rd Singles: Kathleen Callaghan. Kathleen had one of the most improved seasons. She won her first match at State but also lost in the semifinals. She is definitely a senior that will be missed next year.

2nd Singles: Brittany Bond. Brittany also won her first match but lost in the semifinals at State. She had an extraordinary season as a senior and will be missed next year.

Nevertheless Timmy has provided the team with the strength and support that it deserves. What would the team be without good old Timmy? I'm sure all the senior girls will miss him deeply.

Above: Melissa Schmehl was the new assistant coach for the girls' tennis team this year. She proved to be a useful addition to the lineup. Whenever Timmy was having a break-down, Melissa was always there. We hope she comes back next year.

Check Out How the Season is Going

The varsity boys' basketball team this season was characterized by a tough, hard-nosed attitude on defense and balanced, unselfish attitude on offense. Every player contributed on a nightly basis, and the team steadily improved over the course of the season. Seniors Rich Eager and Ian Anderson played with intensity and composure throughout the season, providing a steady influence for their younger teammates. Sophomore Chris Bossart played most of the minutes at point guard and learned to run the team like a seasoned veteran. Juniors Briggs Matheson and Kyle Olson were the work horses in the paint, scrapping against taller, stronger opponents for rebounds and inside points. Freshman Brandon Mayer-Blackwell also stepped up and played significant minutes in the post, including a nearly flawless defense effort against Meridian High School early in the year. Sophomores Adam Otten, Simon Park, and Mike DeVico also contributed important minutes throughout the year. With the experience they gained this year, the varsity boys' basketball team will certainly be poised to compete for a spot in the regional playoffs come next season.

A Season in Review

The women's basketball team this year was young but fierce. Megan Andrews was the only senior, but she was joined by a strong group of juniors including Stephi Graves, Susan Sparrow, Melissa Stirba, Meg Ellingson, Bianca Saltz, Katee Tyler, Chelsea Webber, Jessica North, and Kelly Light. Katy Mohrman was the lone sophomore, and rounding out the team was four freshmen; Jessi Campbell, Alex Orme, Teale Orme, and Eboni Paige. Gita Varner was the team manager. Theresa Totorica was the woman in charge once again, and Nancy Robinson was assistant coach. The team this year had a strong defensive presence against their rivals and early in the season they had visions of the State Tournament. Although on the younger side, they worked hard, and learned quickly. All of the gals have a fabulous sense of humor and they never failed to make their coach laugh. Congratulations on a great season!

The Season:

So far this year the Swim team has trained as often and as hard as possible and it has paid off. The team has only lost two out of three games, dominating the pool. This has been accomplished by an all-star team consisting of Wyatt Anderson, Annie Barton, John Blair, Chris Childers, Copper Flynn, Madison Jackson, Kristen Lence, Kelly Light, Mairin McCarthey, Will Morey, Alisha Moss, Jeff Mulvihill, Mike Mulvihill, Mark Petersen, Cameron Schlegel, Travis Schlegel, Erica Trauba, Bear Travis, Stephen Webber, Ella White, Cristina Faisst, and Lauren Wood. Rowmark alumni have competed in some of the highest level competitions, and won national, world championships and olympic medals. We are lucky enough to have eight of our skiers to be places on national teams. The goal trying to be achieved by Rowmark is that students walk out of it wth potential as elite ski racers, amazing models for education, and a contributing member of society. All students involved in Rowark have an intense passion for skiing no matter what level they compete in. Their training begins in camps during the summer, and the training continues in the fall. Our Rowmark skiers work extremely hard, but love what they do more than anything.

Community Service

We have all been helped by someone, be it a friend, a teacher or a relative. Considering how much we all receive, students at RHSM have a responsibility to also give their time, labor, and support to help others in the larger community. Of course, by giving to others this year we each also gained a sense of individual accomplishment, pride in our school and a connection to our community. There is a lot of service for which RHSM students should be proud of this year. This year's annual food drive contributed 2.5 tons of food to Crossroad Urban Center's Emergency Food Pantry; this was the largest single institution food drive contribution ever given to Crossroads. Advisories purchased coats, blankets, and toys to be distributed to dozens of families on the Navajo Reservation; never before have we reached so many people in San Juan county. Students also helped out at the Head Start family Festival, Utah Food Bank's Kids' Cafe, LifeCare annual Fall Leaf Haul, Crossroads Urban Center's holiday food give-aways, Adopt-A-Thons for No More Homeless Pets and Best Friends, Feed the Hungry/Foster the Arts, Ronald McDonald House, Salvation Army Angel Tree and were tutors in the Middle school. We also had a very successful Community Service fair in which many different organizations participated in. We have accomplished a lot this year and next year we'll give even more.

Amnesty International

Amnesty International is a student club determined to help political prisoners in countries all around the world. Aside from that, they also participate actively in community service. Their most common method is writing greeting cards to tell the prisoners they have hope. Amnesty has been successful in saving the lives of many. They also participated in a Russian Campaign and in a National Students Action Week where they focused on the national AIDS epidemic.

National Honors Society

RHSM's chapter of National Honor Society is a group of students committed to sustained academic excellence and service in the community. Each trimester students engage in eight hours of service, but most importantly participate in at least four NHS sponsored group activities. Each trimester includes one activity in which all members are expected to participate. These include Adopt-a-Block, an eagerly anticipated event in which students help school neighbors clean up their yards, plant blubs, etc. There is the annual Head Start party in which RHSM puts on an afternoon of fun and activity for the local Head Start students. This year we put on a Luau in the midst of February. As an academic as well as a service organization, NHS also takes particular responsibilities in tutoring, both at RHSM (both in upper and middle division) and at Bennion Elementary.

College Counseling

Stephen Fick reading up on his future college education.

The infamous digital manipulation that gave credit to Bruce for all of his hard work.

College Counseling at Rowland Hall-St. Mark's can be a major blockbuster or a selected short feature, depending on how much of a production each student wants to make of the college process. The "book of the week" during morning meeting on Mondays is the marquee that gives the title and content of college-related events happening that week.

The PLAN and PSAT tests taken by ninth, tenth, and eleventh graders are a preview of coming attractions, and provide the students with an idea of what they may expect when taking the SAT I, SAT II, and/or ACT during their junior and senior years. Monthly small groups meetings for juniors include a "sneak preview" of the college admission process and offer updated schedules of how and when the next scenes in the drama of college admission will unfold.

Juniors and seniors frequently scout the location and setting of colleges where they plan to apply, and many seniors reprise those visits in April before they cast their final ballot in which college they plan to attend. Some colleges host star-studded open house events that resemble Sundance-like film festivals, complete with invited guests and lavish social gatherings. Throughout the process, students have the opportunity to arrange the spotlight in a way that will show off their academic credentials and personal accomplishments to the greatest effect.

Some students apply to colleges under an Early Action or Early Decision plan that results in an early review of their applications by colleges, but by late March, virtually all colleges have responded to students' applications with a thumbs up or thumbs down. There really are no Oscars or Golden Globes in college admission, for this process is a match to be made and no prize to be won.

Rowland-Hall St. Mark's senior cast, star in, produce, and direct their own college searches with the help of Bruce Hunter, Director of College Counseling, as well as from teachers who write college recommendations, parents who offer ongoing support, and a cast of countless friends and fans who help students bring down the curtain on the college admission process each year.

Statistics

Bruce Hunter has:

->Made 181 announcements on the last four years, ranging from 10 seconds to 5 minutes and 47 seconds, with an average of 4 minutes and 16 seconds.

->The longest announcement ever was 33 minutes for a senior-matriculation ceremony

->The grand total that an average Rowland-Hall student will spend listening to Bruce's wisdom is...

Thirty nine hours, twenty minutes, and twenty eight seconds, which is an equivalent of six and a half full school days.

Youth City Government

Youth City Government is a student leadership program sponsored by the Salt Lake City Mayor's Office where students from Rowland-Hall work with students from Judge, East, West, Horizonte, and Highland to advise the City Council and Mayor on issues affecting the youth. Students volunteer on community service projects and organize activities in the city for youth. This year students from Rowland-Hall participated in and advised on the youth component of the National League of Cities use of open space at the new city library, the development of a skate/BMX course at Fairmont park, arranged the Battle of the Bands and spoke out on the Main Street Plaza issue.

Community Service Council

Sure we could go off campus for lunch, but when it comes to a Tuesday lunch there's no where else we want to be than in Community Service Council (CSC). CSC is a place for students of all grades to come together to organize community service opportunities. This year we fed kids three Tuesdays a month at Lieds Club's Kids' Café, a program sponsored by the Utah Food Bank. We also organized students to assist senior citizens who needed yard work through LifeCare. We volunteered with Head Start, reaching out to our little four-year old next-door neighbors at the Hal Schultz Center. We helped St. Vincent de Paul's and the Wiegand Resource center, both agencies who do outreach to Salt Lake's homeless population, through the Feed the Hungry, Foster the Arts event. Those were just some of our activities; we were truly all over the valley working to assist people in the community.

"Crazy For You"

This year the Upper School performed "Crazy for You" featuring the amazing music of George Gershwin. Briefly, the play is set in the 1930's post-Depression. The plot weaves around the songs which have beautiful lyrics and lingering melodies. Tackling the lead roles are Raffaele Rossi and Taylor Allred. We would like to thank choreographer Don Shanks and appreciate the props and sets from BYU and Ray Carlson.

Below: Zach Hillyard is one of the most skilled pianists to be in the Rowland- Hall band. His skill really adds a lot to every song.

Above: Joe Borman is one of the new drummers to the band this year. It is up to him to keep the band on beat.

Candle And Carol

Right: Dorothy Muirhead, Libbie Bittner, and Deborah Hobden sing "Silent Night! O Holy Night!" together. Truly this is a magical night.

Below: Kaitlin Butler and Danielle Smith are two of the acolytes at this year's Candle and Carol.

Below: Hallie Hemingway on the flute, and Rachel Zimmerman and Sarah Hall singing "Still, Still, Still." This was truly one of the highlight performances of the evening.

Above: Yeon Jung Park does a solo performance of "Hodie: A Christmas Fanfare" on the piano. She could in fact be as good of pianist as George Henry.

Above: Chaplain Raggs Ragan lead the evening with scriptures and prayers for the Christmas season.

Right: A highlight of the evening was the crowding in the hot waiting lounge before the service could begin.

Penny Drive

Ian sizes up the stack of change the Seniors raised.

Penny Totals:

Freshmen: \$231.68

Sophomores: \$239.19

Juniors: \$750.56

Seniors: \$1012.94

It was surprisingly difficult to remove the pennies from the "R".

Prateek and Dennis rejoice after collecting all that money.

Isha counts all of the sophomore money.

Pennies are heavy!

Ski Swap

Evan checks out the ski pants.

Mr. Pankow wishes he could afford a new pair of tele-skis.

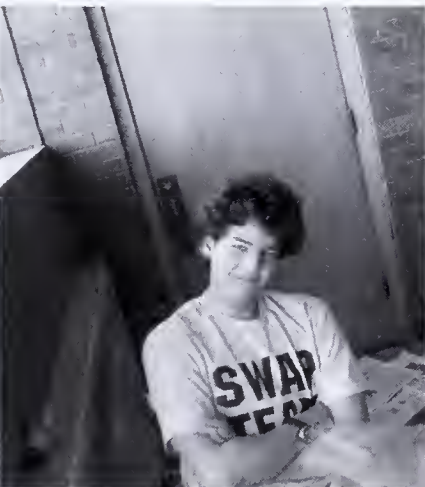

Skis!

Keeley and Todd take a break from their hard work.

Mrs. Herrington actually found some great merchandise.

Teddy guarding the door during the ski swap.

A plethora of footwear for the winter enthusiast.

Above a coach Kyle makes a funny face for the camera.

Dances

Below: Philip Bernhisel and Van Conwell have some of the most interesting costumes. Frankly, they are the perfect pair.

Below: Lindsey Holmes as Rafael the Ninja Turtle and Ella White with a little bit of face paint, are dancing and photographing. That's a winning combination.

Van is a bum...for Halloween of course.

Halloween Stomp, Aloha Dance

It's El Presidente Prateek Sharma. Thanks to him and student council we have dances.

James Accettura is so into the dance that he probably doesn't even know what's what now. Get a hair cut Jimmy!

Left: What a turnout at the Aloha Dance. School has just begun, and already many students are eager to stay at school late into the night.

Below: If it isn't Nick Urano and Señor Burnett. Enjoying the evening below a sunset.

Above: Kristin Gelegotis, Alessa Zimmerman, Allison Cartwright and Madelyn Hauser know how to dress well for a Hawaiian party.

Right: Even though this is a still photo, everybody knows, or at least can imagine how well Bill Shelton dances. He moves better than Michael Jackson himself.

Above: Polly Nevins, Kaitlin Butler, Zack Hillyard, Alex Lee, Taylor Allred, Jeff Mulvihill, and Natalie Singer. It's always good to see class diversity in couples.

Above: Christina Falsst, Claire Anderson, Susan Sparrow, Liz Schackmann, Isha Webber, Kristen Lence, and Melissa Stirba. Sometimes the best dances are the ones spent with your friends.

Above: Elizabeth Babilis, Peter Carroll, Kai Tohinaka, and Jackie Martian are some of the lowerclassmen at the dance that help keep the youth.

Below: Who really knows with whom Danielle Humbert is dancing with? One thing is for sure: she's happy with who she picked.

If you asked Allison Cartwright, she would say that the punch is one of the best features of the dance.

Above: Megan Jones cuddles close to Alex Littlefield as he enjoys a good shot of who knows what.

Poor Jeff Mulvihill. He sure looks worried about something. Maybe he's falling for her.

Winter Formal

Above: Almost the entire student council team showed up to the winter formal dance that they helped to organize. So be sure to thank: Allison Cartwright, Andrew Embiricos, Becky Webster, Merrick Jackson, Prateek Sharma, Tori Seari, Danielle Humbert, Isha Gupta, Kiersten Joesten, Andrew Steiner, Briggs Matheson, Rich Eagar, Apostoli Anastasopoulos, Nick Urano, and Haille Hemingway. This dance would have been nothing without them.

Alex Whitby knows how to give new meaning to the word "formal."

ArtStart

Lily Havey assists Andrew Embiricos with his stained glass piece.

The Claymation team put together a three-minute sequence featuring The RHSM Deathmatch between Gorgeous George Henry, and The Master of Disaster: Bruce Hunter.

Possibly the most interesting piece of all, is this a work from Stained Glass, Multi-Media Art, or Gold Leaf Painting?

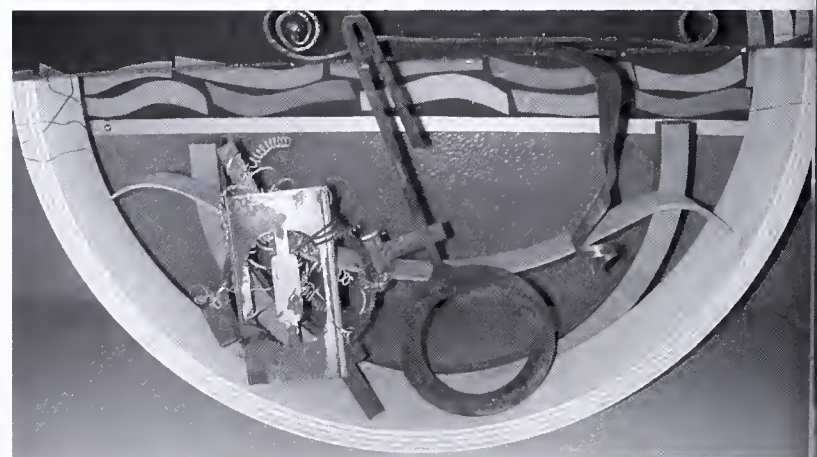

Above: ArtStart this year started out with an assembly introducing all of the teachers participating, and are as follows: Claymation by Steve Fox, Cooking with Chef Jeff by Jeff Metcalf, Drum Making by Fred Simpson, Flytying by Steve Schmid, Gold Leaf Painting by Dana Costello, Hip Hop Dance by Trey Barber, Juggling by Brent Jensen and Mark Nelson (Jugglenuts), Magic by Steve Simbeck, Mexican Paper Flowers by Dolores Perez, Multi-Media Art by Michael Bague, Origami by Jun Iwamoto, Painting by Bonnie Sucec, Performance Poetry by Andy Hoffman, Radio Theatre by Matt Mateus, Retablo by Jeronimo Lozano, Set and Scenic Design by Tim Stettler, Stage Combat by Don Shanks, Stained Glass by Lily Havey, Swing Dance by J.D. Stokes, and Videography by Chris Paulos.

Right: Jo Edwards and Gita Varner pay close attention to their work in Fly-tying.

Below: Freshmen are hard at work on their origami pieces. Never have I seen so very many paper cranes.

Below Right: Whitney Call, Kristen Lence, Claire Anderson, and Christina Fallst admire their Mexican Paper Flowers.

Left: Brandon Purnell makes the finishing touches on his fiery work of art in the painting class.

Above: ArtStart truly creates so of the most creative and strange creations that the school has never seen before.

Left: The "hippest" students of RHSM signed up for the Hip Hop Dance class. Their performance only lasted twenty seconds, but it was worth two days of learning.

Below: A team of seven poetry performers who stood in front of the microphone and recited everything from simple emotion to gangster rap.

Above: Susan Sparrow works very delicately in painting her retablo.

Left: Many students choreographed and fought an epic battle sequence accompanied by the music from *Mortal Kombat*.

Above: Steve Simbeck and his magic class perform the famous disappearing toilet paper trick for Joe. Unfortunately, Joe never figured out how it was done, but in the end he was rewarded with a drink.

Above: The "Crackers" Prateek Sharma and Alex Lee, the "Lovers" Merrick Jackson and Jeff Norris, and the "Jocks" Rich Eagar and Ian Anderson. These F-students of AP Grooming are hearing the pleas of Ben Smith who can't seem to find a working razor. *Smitty's Six* was a hilarious film by the team from the videography class.

Drum maker Fred Simpson performs a rhythmic drum piece for the school. His students later attempt to live up to his skill.

What Creighton Moench is doing to Kristen Bailey describes the whole art itself. This is "Swing" dance, and Creighton gets the meaning of the name.

Everybody enjoys seeing the Jugglenuts perform for the school, and some students have the opportunity to learn juggling skills from them.

Winter Sports

A Mix of Sorts...

Winter Sports

Winter Sports is a joyous six Fridays of having half days and fun. With the large variety of activities to choose from, everyone loves Winter Sports. This year students participated in skiing, snowboarding, ice hockey, rock climbing, bowling, archery, tennis and tutoring at Bennion Elementary.

Skiing and Snowboarding

Morning Meeting

Right: The Upper-School Band often provides jazzy musical numbers during morning meeting under the direction of Mr. McClure.

Below: To raise money for Sub For Santa, Jo Edwards' advisory auctioned themselves off as assistants at morning meeting earning almost 200 dollars.

Above: Creighton Moench, Michael Jackson, Battle of the Classes Lip Sync...Need we say more?

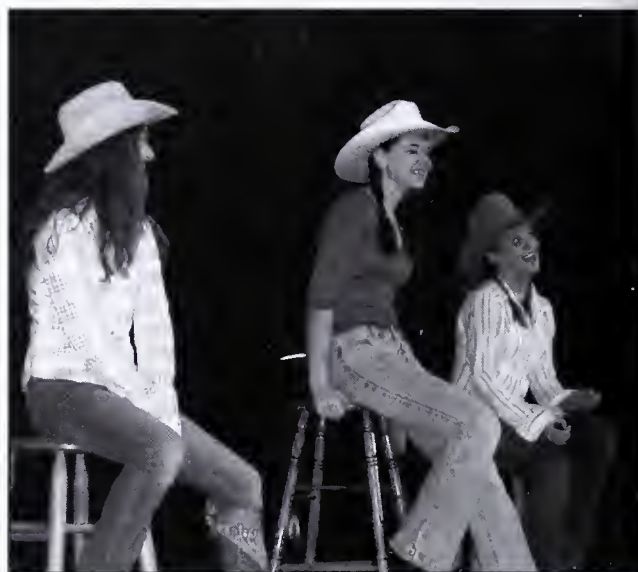

Above: The Judges for the Battle of the Classes Talent Show and Lip Sync were Jo Edwards, Peter Hayes, Nancy Robinson, Michael Yei, and Bruce Hunter.

Far Right: Stephanie Rosenthal, Alexis Sellett, and Maran Smith perform a number from the Dixie Chicks during the Lip Sync.

Above Right: James Coleman, Rory Connelly, Pat Buie, and Alex Littlefield perform a smashing rock hit at the Talent Show.

Above: The first game involved in Battle of the Classes was Jeopardy. Merrick Jackson and Allison Cartwright worked the game board.

Above: In November, right before election day, a panel of politicians, historians and news reporters were welcomed to the RHSM morning meeting to discuss the upcoming election and their opinions.

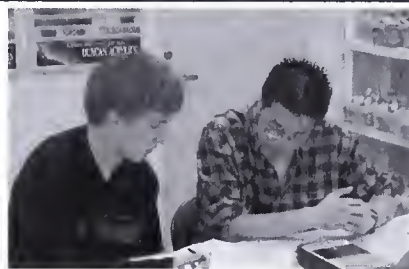

Right: The tradition continues even without Tony Larimer. Right before Christmas, Deborah Hobden and George Henry narrated the story of How The Grinch Stole Christmas.

Above: Peter Carrol plays his guitar and sings a very sexy number at the Battle of the Classes Talent Show. Very Sexy.

10th Grade Biography Project

In the tenth grade English classes, students participated in a community service-learning project to write biographies for local senior citizens. Tape recorders captured every detail of the three interviews, which students transcribed into life stories. Visiting artists provided strategies for students to capture the elder volunteers in portraits and a gerontologist from the University visited classes to discuss issues facing the elderly. The final product, a life story with pictures, was given to the seniors at the conclusion of the project in a special presentation.

Left: Simon Park and Andrew Etherington are playing back their tape recording and taking notes for their biography. Their senior was Merla Ashton.

Right: Michael DeVico and Greg Armstrong are clearly enjoying their session with their senior Edith Young Rowberry. Part of their biography must be the etymology of that long name of hers.

Above: Philip Bernhisel and Dan Conwell are comforting their senior Welma Hornbeck. It is the job of the sophomores to make their senior feel special and comfortable.

Above: David Wood, Josie Byer, and Callie Williams are enjoying a laugh with their Senior Winnifred Bondurant. Take a look at how many pages of notes they have taken! I smell an A for this group.

Above: Gita Varner and Nydia Palacios are listening to one of Mary Peterson's many stories about the many political rallies in the sixties she organized.

Above: Jon Stansfield and Alex Kessler are listening very carefully to what their senior Johnny McDowell has to say. Turns out that he invented the pipe coupling.

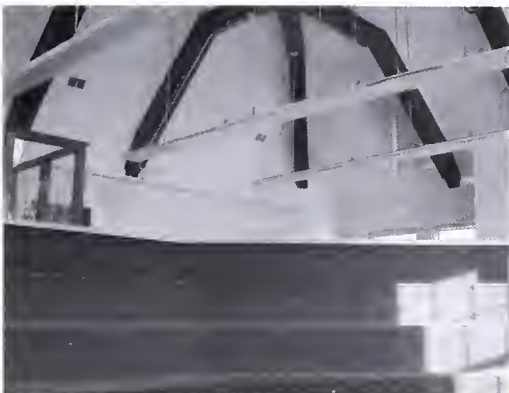

Above: Camela Giraud lead the senior biography program for the sophomores. She was helpful with writing the biographies and did her part in listening to the recordings, like this one with Chris Casey about his senior Jack Fenton.

Above: Helen Wheeler is showing Vanessa Therson and Tess Masaryk pictures of her family. She was a postmaster for thirty years before retiring.

A special thanks goes to Amanda Barusch, Carolyn Hoffman, Kate Miller, Kate Woodward, Kathleen Digre, Steve Price, Liz Paige, and Suzette Smith.

Piute Creek

One granite ridge
 A tree, would be enough
 Or even a rock, a small creek,
 A bark shred in a pool.
 Hill beyond hill, folded and twisted
 Tough trees crammed
 In thin stone fractures
 A huge moon on it all, is too much.
 The mind wanders. A million
 Summers, night air still and the rocks
 Warm. Sky over endless mountains.
 All the junk that goes with being human
 Drops away, hard rock wavers
 Even the heavy present seems to fail
 This bubble of heart.
 Words and books
 Like a small creek off a high ledge
 Gone in the dry air.
 A clear attentive mind
 Has no meaning but that
 Which sees is truly seen.
 No one loves rock, yet we are here.
 Night chills. A flick in the moonlight
 Slips into the Juniper shadow:
 Back there unseen
 Cold proud eyes
 Of Cougar or Coyote
 Watch me rise and go.

From the Yearbook Staff

Goodbye to Joan Kingston

After seventeen years of teaching dance at Rowland Hall-St. Mark's, we will have to say goodbye to this dedicated and artistic teacher. She is described as "creative and enthusiastic" by many who were lucky enough to be under her direction. She is known for helping organize dance concerts and providing dancers for chapels. Over the years she has helped to establish a strong dance company and successful dance classes. We will miss her and will always remember her. So as she dances her last steps in our school, we wish her all the best in her endeavors.

The four crazy coaches, Matt LaFleur, Danny Rennie, Andy Louthain, and Ben Smith.

Men's Tennis

"Strength and Honor!"

The 2003 Men's Tennis Team: Coach Rich Francey, B.J. Callaghan, Andrew Clayton, Mike Sargetakis, Priyank Sharma, Michael Kroesche, Cameron Grey, Raffaele Rossi, Coach Tim Sleeper, Ryan Goldstein, Sam Dippo, Justin DeLong, John Metcalf, Michael Sotiriou, David Marquardt, Ed Johnson, and Graham Heagy. Yet again, the team had an undefeated season, followed by a big win at both the region and state championships. Way to go guys!

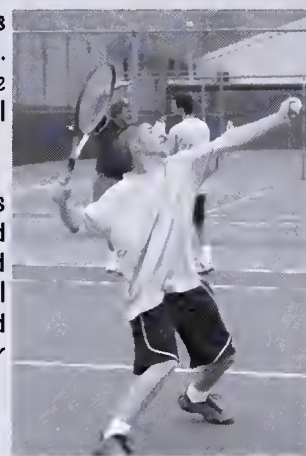

Above: Assistant Coach Melissa Schmehl and Coach Tim Sleeper. Their supportive coaching lead the team to a state championship this year. Nice hair Timmy. Not Pictured: Coach Rich Francey the Utah State Boys' Tennis Coach of the Year.

Interesting fact about the team is that we don't call each other by our real names. Nicknames include: Anj, Beej, C. Grey, DeLong, Dippo, Eddie, Goldstein, Kroshky, Marty, Metcalf, Raffi, Sarge, Sotiriou, and Yanker. (Graham is the only one without a nickname)

Left: Second Singles player Ryan Goldstein. He is always the smaller man, but he still always wins.

Right: Second Doubles players Ed Johnson and Michael Sotiriou. Ed played with his usual brute force. Michael did quite well his first year on varsity.

Above Left: First Singles player Andrew Clayton. He lead the usual sweep and showed no mercy.

Left: Third Singles player Michael Kroesche. Quite the promotion, thanks to his extensive practice on the off-season.

Right: First Doubles players Raffaele Rossi and David Marquardt. They were back together again after a year of being separated. No doubles team works better together.

Women's Softball
